

Why Paramount?

With two domestic factories and over 1,000 embroidery heads, it's no surprise that we are one of the nation's largest finished cap companies. While we emphasize quality, we maintain competitive pricing and aggressive turn-times. Offering custom logo apparel, quick-turn programs, and a **NEW** Direct To Garment printing option we have you covered for all of your logo branded needs!

Domestic Decorating Capabilities:

TRADITIONAL EMBROIDERY: Includes up to 10K stitches in a single location.

HEAT TRANSFER: A full color printed substrate that is applied via heat press.

TRIPLE D: Also called, Direct Dimensional Design is a 3D embroidery with a full color sublimated overlay.

LASER ETCHED LEATHER PATCH: Laser etched leather patch that is applied via heat press to the cap.

OIL FOIL: Oil Foil substrate that is applied via heat press of the cap.

COLORSEAL: A flat or 3D color sublimated applique that is sewn onto the cap.

3D FLEX: Heat applied textured TPU patch

RETRO PATCH: Vintage looking patch with a merrowed edge.

SUBLIMATED PATCH: Fine details and cold colors on a merrowed edge patch.

HAT TATTOO: One of the hottest, most versatile one color print techniques allowing you to print almost anywhere on the cap.
